Contact Information	Department of Applied Statistics School of Mathematics and Statistics Beijing Technology and Business University Beijing, China, 102488 shanshanluo@btbu.edu.cn <a href="https://shanshanluo.cn/">https://shanshanluo.cn/</a>
Employment	September 2022 - <i>Lecturer</i> School of Mathematics and Statistics, Beijing Technology and Business University, Beijing, China (September 2022 - Present)
Education	September 2017 - July 2022 <i>Ph.D. in Statistics</i> School of Mathematical Sciences, Peking University, Beijing, China. Advisor: Prof. Yangbo He September 2013 - July 2017 <i>B.S. in Mathematics</i> School of Mathematical Sciences, Capital Normal University, Beijing, China.
Research Interests	My research primarily focuses on causal inference, with specific interest in the following areas: <ol style="list-style-type: none"><li>1. Causal Effect: Covariate adjustment, data fusion, instrumental variables, measurement error, principal stratification, propensity scores, spillover effects</li><li>2. Causal Attribution: Individual attribution analysis, continuous outcome attribution</li><li>3. Causal Discovery: Bayesian networks, causal mechanisms of latent confounders, proximal variable selection</li><li>4. Missing Data: Nonignorable missing data methods</li></ol>
